

Grandpa's Great Escape by Katie Taylor.

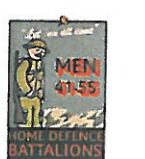

Dear Mum and Dad,

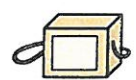

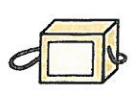

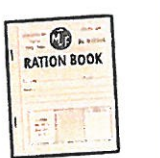

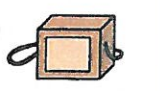

I am writing to you to state all the reasons why Grandpa should NOT go to Twilight Towers, its the most horrible idea I could ever think of. Obviously, Grandpa is a loved part of our family, everyone is like a snowflake different including you and Grandpa. Me and Grandpa are like a puzzle put together, do you really want to break that puzzle into peices?

Firstly, Twilight Towers is not his home. How would you like it if you were abandoned from your home? Would you like it if you had to live like a ~~prison~~ prizon? Do you really want to live with yourself after you put did this to my best friend-my only friend? Why do this to someone else if you wouldnt like it yourself to live there yourself?

I will do everything to keep Grandpa safe. Who will I play with, How will Grandpa cope? And plus ~~is~~ he might that his been captured by a the Germans and been locked locked up.

Why cant Grandpa come and live with us it it will
 be super living with us it will be alot more super
 living with than with them horrible nurses at Twerlight
 Towers. If you really loved Grandpa you would
 know whats best for him. Please Listen to me.

Your Sincerely Jack
